Hi Brent,

I am available this week if you want to set up something on both projects. I'm copying Mike for his awareness. I could do 9am or 10am tomorrow or 10:30am Wed. Thanks, David

David-

Since I sent the below email this morning, I had folks from Florence Copper ask if we could get another update on their permit application as well. If possible, it would be great to check in on the process of both permit applications. Thanks again for your help.

Melanie

Hi David,

Thanks again for speaking with myself and Chuck last month about an update on the Florence

Copper UIC permit application. I'm reaching out today in hopes that we could connect over a similar status update on the Excelsior Copper UIC permit application. Would you have time in the next day or two for a brief call?

Thanks much.

Best,

Melanie
